If you believe that this email is suspicious, please forward to phishing@dc.gov for additional analysis by OCTO Security Operations Center (SOC).

1) Construction management, trash, etc.

Now that they alley trash problem is cleared, the plan is to clear trash once a week off property parking pad as needed.

There is not a construction plan because the construction has been completed months ago. The future plan is to not use the same builder and specify a fence to keep the alley trash from getting on site; and clearing the trash from the fence 2-3 times a week. I will inform the ANC when I notice neighbors and the DC trash contractor making a mess again. I am invested in this neighborhood, and I want to see it clean as well.

2) Photo of backyard attached.

3) The architect says I'll have the Sun study May 15th evening. Once received I will forward to the BZA and ANC.
